- 2' x 2' = 9.6 lbs – 2.4 lb/sf
- 2' x 4' = 18.4lbs – 2.3 lb/sf
- 2' x 6' = 27.6 lbs – 2.3 lb/sf
- 2' x 8' = 35.2 lbs – 2.2 lb/sf
- 4' x 4' = 36.8 lbs – 2.3 lb/sf
- 4' x 6' = 50.4 lbs – 2.1 lb/sf
- 4' x 8' = 64.0 lbs – 2.0 lb/sf

**Average Weight: 2.2 lb/sf**

All Weights Rounded. All Weights Are For 2" Baffles / Cloud.

**Sizes:**

All Designer Series are 100% custom sized. All products can be any length by 60" wide.

**Penetrations:**

If needed, any kind of penetration can be done upon request. This can be used if you need a light, switch, sprinkler head, alarm or anything else that needs to be mounted through or on the panel.

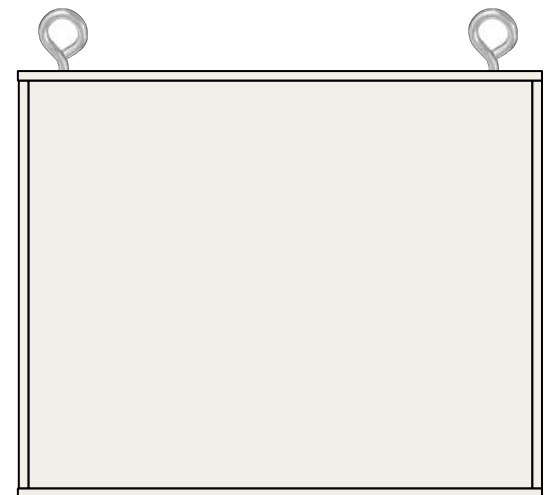

**Edge Type:**

Square

Side View

Front / Back View

All Baffles / Clouds have a hard wood frame and wrapped fully in acoustical cloth. There is no sight of any staples on the baffles due to the edge profile we add to the perimeter of the baffle/clouds. This allows for a cleaner look.
